

Your Donations, Turned Into Grants

Thanks to the generosity of people in Eden Prairie, the Community Foundation has a long tradition of granting to fill unmet needs and change lives.

Here's a record of the Eden Prairie Community Foundation's traditional grant disbursement since 1981. Note that early records were occasionally incomplete, so some grants may be missing and several totals may be incorrect. Also, occasionally grants are disbursed for special purposes at other times of the year, including in 2015, 2016, 2017, 2018, and 2019 for PROP youth scholarships for after-school activities, and in 2020 and 2021 for COVID-19 relief. Those are not reflected here, and neither are annual awards for the Dr. Jean L. Harris Scholarship nor many grants from donor-advised or community-impact funds held at the Foundation.

For a complete picture of the Foundation's impact through grants and scholarships, check the latest Annual Report on this website.

2022
