

Greetings from the Eden Prairie Community Foundation! It's an exciting time of year for us here at the Foundation as get ready for our **45th Annual EP Gives!**

EP Gives is an event that brings all of Eden Prairie together and is the Foundation's largest fundraiser. Every year, we gather to celebrate the quality of life our city brings to its residents, to learn about the needs of our neighbors, and to discover how we can help. Joining us will be city officials, community leaders, donors, and volunteers who are working to make Eden Prairie a better place for everyone.

EP Gives is a fun and exciting event which will feature a reception and silent auction, dinner and program highlighting the Foundation's work in the community, a live auction featuring exciting vacation packages and other amazing items, as well as a special giving opportunity.

If you haven't already, purchase your tickets on our event website [www.epgives.org](http://www.epgives.org). The proceeds from ticket sales stay right here in Eden Prairie and help us fund the important causes that make it a better place for every resident.

## THANKS, EDEN PRAIRIE LIFESTYLE!

We're so honored to be featured in the March issue of the Eden Prairie Lifestyle magazine! In the article, our Executive Director, Greg Leeper, shares more about the foundation and the important work we're doing in the community.

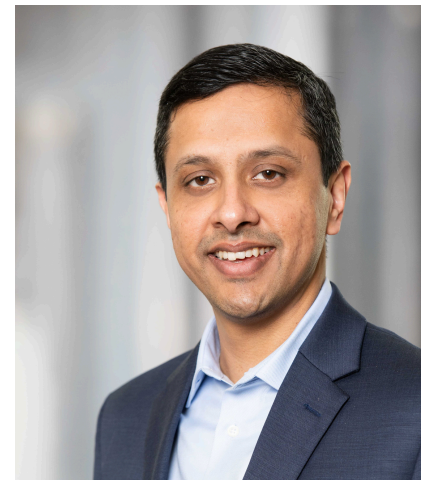

You can read the article on their website: [citylifestyle.com/edenprairie/](http://citylifestyle.com/edenprairie/)

## Meet the Board

In addition to serving as Chair of the Board of EPCF, Deepak works at Danfoss Power Solutions as Vice President/General Manager in the Hydrostatics Division.

When he started at the Foundation five years ago as a volunteer, he was very excited about the opportunity to bring his business skills in strategic planning to a non-profit environment.

Deepak loves the people in the EP community, finding them warm and welcoming. He also appreciates the diversity in Edén Prairie. Though EP is many miles from India, he and his family are thankful for the strong local Indian community that helps them stay connected to their roots. Deepak also loves the quality of life with the fantastic schools, neighborhoods, parks and recreation, and all the amenities.
